

Quick Tips

Having an issue with your HVAC, plumbing or electric equipment? Try these five **Quick Tips**. If they don't fix the issue, pick up the phone and give Godby a call!

317-471-8700

1. **Is your main power on?**
2. **Have any of your circuit breakers been tripped and need to be reset?**
3. **Are your air filters clean?**
4. **Is your thermostat set properly? Check temperature, fan and heat/cool switch.**
5. **Check your manual to see if there are other troubleshooting tips.**
